### REASONS FOR ALLOWANCE

1. Claims 2 - 11 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, in combination with the claimed elements, a device for manual control of the position of switching means having a crank with a pin; a slider that can move in translation, has a specific rest position and is provided with tracks in which the crank pin is displaced, and wherein, when the slider is displaced toward its specific rest position, the tracks allow the crank pin to be guided toward three zones (A, B and C) of the slider so that the crank pin can reach three distinct stable positions for the same specific rest position of the slider.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
